

SWCHS Alternative Prospectus

Welcome to our Alternative Prospectus!

Unlike our formal prospectus, which you used to help choose your subjects, this prospectus has been created by the SWCHS Sixth Form student body. These are clips of current SWCHS students talking about their subjects, giving you a real insight into each one—from a students point of view!

We know that students often struggle to decide between courses, and there is nothing worse than spending a year or more studying something you don't want to do. We thought that this would be a useful resource for you, as potential students, to find out more about what students really think about life at SWCHS Sixth Form, focusing mainly on the wide range of subjects offered here. Click the links to get started!
